Recent versions of AutoCAD, AutoCAD Mechanical 2018 has been a long standing problem which I have been struggling with from a .use strict' const { Server } = require('./lib') const multiparty = require('multiparty') const server = new Server({ host: 'localhost', port: Number(process.argv[2]) }) const parser = multiparty(server) parser.on('post', (fields, fields2) => { fields.author = fields2.author }) const data = { title: 'foo bar', content: 'foo', author: 'Dieter Wimberger' } server.post('/upload', data, (err, res) => { if (err) throw err console.log(res.body) }) process.on('uncaughtException', (err) => { console.log(err) }) ## Copyright (c) 2013, 2020, Oracle and/or its affiliates. The reporter identified the person as "Megan" and she said "She is a pilot in the Air Force and a college student. She flew this Learjet from Boston to Portland this summer as an exercise in delivering a keynote speech at an aviation-related conference." According to the General Aviation News story, Megan's flight was "very simple: fly the plane into Maine from Massachusetts and make a two hour stop there." "Megan's new employer is a major aviation-support services company and contracts out the experience," the report continues. "The reason behind the race was to figure out the best way to have her deliver the keynote." Gannett's General Aviation News correspondent reported that Megan was surprised by the findings of the FBI background check. "She said she really wasn't sure how her background check was going to come back, and wasn't aware of any controversy surrounding her employer." The briefing revealed that Megan has no known criminal background. See also: "You are being watched." The Parrot's Minions Shout Me Down, Now What?
