A two-year-old is dead and a woman and six children have been injured when a driver crashed into their home in Redlands, California, police say. Police say a 32-year-old man hit the house on the 55200 block of Oak Drive around 2.30pm on Wednesday and the driver fled. The man was arrested several hours later on suspicion of DUI. Officials said the cause of the crash was not immediately known. Los Angeles Fire Department spokesman Brian Humphrey said seven children under the age of 12 were inside the home at the time. The six children were rushed to an area hospital for treatment while the mother and another child were flown to a trauma centre in Los Angeles, police said. It is unclear if the mother and child were immediately transferred to the trauma centre. The incident took place on the same block where a woman and four children were killed in an arson fire in March 2017. The fire destroyed the family's home, causing it to collapse.
