AFFIRMED IN PART; REVERSED AND REMANDED IN PART. COBB, C.J., and WOODALL, BOLIN, and MURDOCK, JJ., concur. 7 Q: Are Jews descended from the Jinn? Are Jews descended from the Jinn? A: All good Jewish sources say no. The Talmud (Chagigah 3a) and Sh'mei ha-Choshen (10:1) both cite what the Sages said to be the opinion of Rabbeinu Chanina, who held that the descendants of Shechem were not descended from the Jinn. A: The Gemara (see Rosh Hashanah 11a) quotes Rabban Gamliel saying that the inhabitants of Shechem came from the Shechemites. The Gemara then goes on to quote the Tanna'im of the generation of the Tanna'im that they do not believe that Shechemites are descended from the Jinn. A: According to Orkot 7a (sources here), King Asa was told by the Angel of God: R.
