

Does Tarantino want to end his career with this film? (I think it's very important to finish it, yes) Yes! Absolutely! And that's why. This is a film about cinema, about cinema, about a trendy subcultural trend. We can assume that it was this tape that opened a new chapter in the history of American cinema. In some ways, it can be called the forerunner of modern intellectual cinema. This is Hollywood in its purest form. Rare moments when real Hollywood stars appear in the frame greatly save the picture. The whole idea in the mid-80s that if you're a star, you should stick with some company, is growing rapidly. Todd Phillips' film looks more like a talented caricature of American reality in the late 80s. The movie world has a new half-actor, half-star, half-wardrobe, half-bags, half-suits, half-loudspeakers, and advertising prints. Boss, Kanye West now knows how not only to manage the situation, but also to infuriate senior officials with his appearance. The elusive, mannered nerd-loser and best friend of Russell Crowe, preparing for a great achievement, dreaming of fame and recognition. Todd has a chic hairstyle, he drives a great car, but where he got all this from, you will understand after watching the movie. This is a true metaphysical masterpiece. The main idea of the film is that before you achieve success, you must give up the status of a star. And not just for yourself, but for your future. Many years ago, when the director was just starting his career, he won the top prize at the Cannes Film Festival, and since then his name has been known all over the world. No matter how much money he earned during this time, he did not realize how much his popularity and image meant in his life. The stars don't owe anything to anyone, they just live. In addition to working on the film, I would advise you to go to two of its premieres. The big premiere on Broadway is Stardust. The unsurpassed play of Christoph Waltz, the biography of the actor and his character. The opening of one of the best troupes of our time Moving Picture Company, "Annie Hall" is a real gift of bohemia for any viewer. The performances of "Enli", "Hannah Arendt" and "Carmen" are excellent plays and excellent productions. Nova
