FIFA 22 introduces “Speed channels,” new ways to change game speed in real time to help players play at different paces. Teams can create a pace channel for specific situations, such as pressing the ball, or they can adjust the pace before game starts to better help with match planning. FIFA 22 introduces “Personal Player Ratings,” a new stat that combines ratings to reflect each player’s overall performance, including a position-specific rating that helps decision makers anticipate player performance. FIFA 22 introduces the ability to train with AI-controlled teammates - enabling players to adapt their play style, tactics, and formations to the players AI can control. Players can train and compete with or against AIs in more than 30 positions, including strikers, midfielders and goalkeepers. FIFA 22 introduces “intelligent coaching,” which includes pre-game planning and in-game match management, as well as the ability to create custom defensive tactics. FIFA 22 introduces a brand-new game engine that allows for unprecedented play diversity in key areas, such as free kicks, free kicks on the run, long passes and ball control. FIFA 22 introduces “individual player swiping,” which enables players to more easily change assignments in the middle of a match to help play to their strengths in different situations. FIFA 22 introduces a new goal celebration system, where players can now select their favorite or most meaningful goal celebration and have the opportunity to earn special awards and bragging rights. FIFA 22 introduces “Player Impact” to enhance off the ball interaction and overall play. FIFA 22 introduces the ability to play on any pitch, any weather, any time zone and any surface type in FIFA Ultimate Team mode. FIFA 22 introduces “Stadiums from the World Cup,” 22 iconic football stadiums recreated in detail with extensive use of the new in-game engine. Stadiums include five of the venues used in the 2018 World Cup - Russia, Portugal, Sweden, Iran and Saudi Arabia. Other stadiums include iconic stadiums such as the San Siro, Red Star Stadium, Nou Camp, Camp Nou, and Hudson’s Bay; and legendary stadiums such as Wembley and Old Trafford, and others. Each of the 22 stadiums features use of the new in-game engine, and is playable in both real and Create-a-Player modes

Fifa 22 Features Key:

- FIFA 22 introduces “HyperMotion Technology,” which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay.
- FIFA 22 builds on the innovations of FIFA 21.
- Career Mode - Live out your dreams as both a manager and a player. Create the newest club in FIFA, design your kits, style your stadium, and choose whether to compete with the elite or rise up from the lower divisions as you manage your club to glory.
- FIFA Ultimate Team - Upgrade, collect, trade and manage the ultimate dream team of players. Combine skill, tactics and team chemistry to dominate any opposition in FIFA 22 and Master League.
