Football/Soccer: EA SPORTS FIFA 22 brings the game even closer to the real thing with fundamental gameplay advances and a new season of innovation across every mode. Every football moment, every shot, and every tackle are captured, recreated, and presented with a cinematic-like presentation. Simultaneously, millions of authentic footballers move on real-world players, yet every player's speed, reaction time, style, and talent are unique. Adaptive Difficulty: FIFA has always been about delivering the ultimate experience for every player, and since its inception, gamers have had more of the control in making that experience happen. The latest FIFA installment takes the concept further with the introduction of an adaptive difficulty system that can change how the game plays based on gamers' play style, tactics, and proficiency. Gamers can now choose the method that best fits their play style. Co-Op Play: In-depth co-op features allow players to take on the game's most challenging moments with friends in co-op multiplayer mode. FIFA 20 introduces an entirely new co-op mode, allowing two players to choose from a broad range of moves and actions, and supporting their teammates from the touchline. PlayStation VR: Last year, PlayStation VR was widely praised for its immersive nature, and now EA SPORTS FIFA 20 features the most comprehensive gameplay features ever for the headset. Featuring full motion controls, players can naturally aim, shoot, pass and dribble, even while in first-person view. With over 450 million copies sold to date, FIFA titles like FIFA, FIFA 11, FIFA 12, FIFA 13, FIFA 14 and FIFA 15 have established themselves as the must-have football game. FIFA is the global leader in the sports gaming category with three out of the top four sports games, and has now entered into the premium football market with FIFA 22. Two new gameplay innovations transform FIFA: Pitch Physics Before, FIFA relied on a combination of complex physics and detailed animation to make sure the ball's behaviour was realistic when players were running with it.
