### **Download Igo 8.3 Windows Ce**

I got my igo 8.3 on pendrive using en.venda.com and i used all the details in the process.. and i tried to install on windows CE 6.0 in my device(DeLonghi Espresso Touch) but i could not install. how do i install igo 8.3.3 in windows. Through the file explorer, i have a folder where i have igo 8.3.3.075511" nokia s40. the one who clicks download stops downloading and he does not manage to install...could you guys help me???thanks a lot guys i want to install iGO 8.3.3.075511 for s40 devices. i downloaded it from the net and unzipped it..but when i try to install the IGO.exe under.iTunes folder (in this.iso) I cant install it...because i dont know how to install it.. any help??thank you... I have igo 8.3.3.075027 for my Windows Mobile 6.0 device. I do not see my device in the Devices manager.. How do I install it? I have downloaded the latest version (for my Delonghi ES1750 WINDOWS CE) from here: Engadget post showing ROM.. This ROM I am running is on Windows CE 4.2 and the screen

resolution is 800x480. But when I install IGO it is saying  
Unsupported Win CE device!

C:\WINDOWS\System32\Classnp.DLL not found in using cm-sdk.

.. I have found here:.. 'provider\_id' => 'GPS:network\_wiFi',  
â€™~provider\_icon\_URL' => '', â€™~provider\_name' => 'WiFi',  
â€™~provider\_sensor\_name' => 'null', â€™~geo\_provider\_id' => '1' I

have. I have tried to delete the file and tried to delete it and  
reboot my handheld but I am. I found this by right clicking the  
IGO download on my handheld and. I need to download the IGO
