Uploud: G-Technology Guruji replied on 26-Aug-2013 06:28 Hmm, the White product I had maybe wasn't discontinued? My copy is working fine but it was buried up there on the family product list Thanks for the feedback, I'm glad you're enjoying the product, and thankful for your attention to our small success story. We're going to keep working hard to make things even better for all of us. Thanks for taking the time to share your experience with the product, and for helping us make our products even better. I just wanted to let you know that the solution worked. It took me a little while to figure out why my cd's aren't mounting. I was wondering if there was a software update or firmware update you made recently that fixed your problem. That is all It's good to see another software update from your team. I hope it's the product "v3.06" or earlier, that's what I was referring to in the original post. If you need any help with Vetric products, I'd be happy to help you understand your products. Thanks, Guruj Uploud: G-Technology NkDUyZPZ7iWZ replied on 30-Sep-2013 07:42 This is great thanks for this Thanks for the warm welcome. I sincerely hope you enjoy the products we've been making over the years, and that they make your production work and life easier. If you need any more help, please don't hesitate to ask. We'll do our best to help you understand your products as much as possible. Much success!
